

TCM Forklift Part

TCM Forklift Part - Forklift trucks are an important player in the material handling field of every international business. Transporting industrial goods occurs each and every day on our busy planet. First innovated as industrial vehicles during the 1930s in America, lift trucks gained recognition after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread internationally.

In the year 1949, established by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Presently the business is simply called TCM Corporation. Throughout the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation in the trade. TCM began constructing forklift manufacturing locations outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly makes several models of industrial forklifts with more than 50 years of accumulated expertise and technology, making their products recognized and used all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading business.
