

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement ever since the year 1959. Whether the job involves transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler will help make the job go easier and faster. These units are complete with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull could supply 80 inches of boom travel for precision placement capabilities. There are likewise several optional Lull attachments for their telehandlers so as to help complete any job.
